

Los Angeles Department of Water & Power chooses TRMTracker for Transaction Management, Risk Management and Back Office

Denver, CO, USA, November 24, 2009 - Pioneer Solutions LLC is pleased to announce that Los Angeles Department of Water & Power (LADWP) has chosen TRMTracker to manage its power and gas trading, positions, risk management and back office business for structured transactions.

TRMTracker is a comprehensive energy and commodity trading risk management tool that supports the entire life cycle of trading. TRMTracker provides straight-through-processing of deal capture, risk management, scheduling, settlement and accounting in a single platform. The solution effectively supports price, credit and operational risks. TRMTracker is the perfect trading & risk management solution for organizations that require a robust trading and risk management (TRM) tool for a fraction of the cost, providing true end-to-end automation for your front office, middle office and back office functions.

About Pioneer Solutions LLC

Pioneer Solutions is a leading provider of software products, powered by the Financial and Regulatory Risk Management System (FARRMS). FARRMS is an integrated platform providing straight through processing for specific Front Office, Middle Office and Back Office functions. The FARRMS solutions allow organizations to realize new efficiencies as data and processes are managed across multiple groups. In addition to the FARRMS software products, Pioneer Solutions provides consulting, implementation and environmental reporting services.
